

## Ukraine validates its Migration Governance Indicators with IOM's support

15 March 2019 – UN Migration

Ukraine made an additional important step forward to the best international practices in migration management, with the Migration Governance Indicators (MGI) Country Profile validated at the IOM-organized meeting in Kyiv. With MGI Country Profile Ukraine will be able to compare its migration management policy with the best international practices in real time. Around 90 indicators of the profile will allow Ukrainian government entities to assess their programming and foster their strategic planning.
